

THE K9 CLEAN UP GUIDE 2021

Your guide to getting involved with the
K9 Clean Up campaign 2021

27th - 30th AUGUST

THANKS FOR JOINING US!

Litter on our streets, parks and beaches is an on-going problem and in 2020 we showed the effect our dog owner community can have! This year, we want to reach more people than ever and you can help!

We hope you can use the resources in this guide to talk with your community and try to get more people involved in the Clean Up! Everybody that gets involved adds to the success of the campaign!

Make sure to use the #K9cleanup hashtag to track the campaign progress, see other's posts and add your posts to the campaign!

Invite Others

The more people that are involved in the campaign, the bigger effect we can have on our local areas. Social media is a great way to spread the word about the campaign and get other people to join us.

In the run up to the campaign and during, we will be posting across our social media about the campaign, tips and tricks for getting involved and stats about how the campaign is going!

We also have a hashtag, dedicated to our campaign! Whenever you're posting something related to the campaign, use the hashtag #K9cleanup!
